Director's Message

Welcome to my inaugural Director's Message. On behalf of the Lake Jackson Parks & Recreation Department, it is my pleasure to present the 2019 Fall/Winter Fun Illustrated! The Fun Illustrated is mailed to all city households twice a year and features a wide variety of programs, classes, special events, sport leagues, facilities and parks. We ask you to "take a moment" and discover all that we have to offer. Our dedicated staff works hard and is passionate about improving your quality of life. Whether it is attending one of our special events, getting fit at the Recreation Center, participating in one of our sport leagues, taking a class, learning to swim, enjoying one of our parks, renting space at the Civic Center or hitting the links at the Wilderness Golf Course, there is truly something for everyone!

I am proud and excited to announce that we are nearing the completion of the BASF Dog Park. It is a high-quality facility that includes walking paths, splash/cooling pads, drinking fountains (dog and human), benches, shade and a dog wash area (at the entry to the park). There are several rules/regulations designed for maximum enjoyment of the park for all. Please be a responsible owner and always adhere to the regulations (PAGE #21).

The BASF DOG PARK is located behind the Recreation Center (91 Lake Road) on the south side (behind the existing skate park). Look for the large arch sign that is visible behind the skate park. Until we begin construction on the new poured-in place skate park (August 2020), the existing skate park and fencing will remain in the current location. Once the existing skate park is removed, we will have more convenient parking and the entry to the dog park will be much more visible. Until then, we ask for your patience.

It has been an honor serving as the Parks & Recreation Director and serving the citizens of Lake Jackson over the past 5 years. It is a pleasure working for a community that truly understands that Parks & Recreation is vital to economic development and quality of life. If you have any suggestions for future program offerings, facility additions or improvements or how we can enhance our services, please do not hesitate to contact us. I hope to see you participating in one of our programs or see you out enjoying one of our parks and facilities soon!

With warmest regards,

Jeremy D. Bubnick, CPRE
Parks & Recreation Director

HEALTHY *Habits*

Group X Classes

Beginning Spin: Want to learn to spin, but don't know if you're ready for the big leagues? Try out our Beginning Spin class! All the benefits of a regular spin class, but at a more moderate pace. May also be beneficial for people with Parkinson's Disease or similar conditions. Enhance coordination, and gain strength.

Circuit: This resistance, muscle strengthening class offers 3 rounds consisting of 10 stations that are performed for 60 seconds each. Using both body weight and various equipment, participants of all fitness levels will benefit from this time efficient, full body workout.

Core: Health and strength start with the core. A strong core will help you build a more stable, powerful abdomen and low back to improve fitness, straighten posture and provide a foundation for an active daily lifestyle. Your core is responsible for supporting back, spine and shoulders. This Core class will help with balance, flexibility and strength.

Dance Fusion: Combines a variety of styles including Hip-Hop, Latin Ballroom, and Jazz into one action packed session. Join the fun and dance for your life!

Intensive Interval: Interval Training Class (ITC) is a mixture of boot camp/interval training and focuses on functional fitness. It consists of traditional calisthenics, agility drills, balance movements, core development, and strength training. Each session consists of timed "stations" and is designed to strengthen different muscle groups and can be modified to various levels: beginner, intermediate, and advanced.

Pilates Core: Core strengthening to improve flexibility, posture and enhance mental awareness. Beginners to moderate level of intensity. Use of stability ball. Bring small towel and water.

Qi Gong: Qi Gong is a mind-body exercise that works to improve health and vitality. Qi Gong works with the energy system of the body to increase energy levels and reduce stress. The main elements of Qi Gong practice are deep breathing, relaxed stretching, slow flowing movements, and meditation. Qi Gong is simple, easy to learn, and can be done by everyone, at any age or fitness level. It is a great choice for anyone looking to increase overall wellness.

Spin: Spinning provides amazing cardiovascular training that utilizes the largest muscle groups of the body. It is a non-impact workout that strengthens joints and ligaments, stabilizes muscles and enhances body alignment. Great for all levels.

Strength: Work all muscle groups in this class with a mix of strength and conditioning exercises for the lower and upper body. Using resistance such as hand weights, resistance

JOIN A FITNESS CLASS

bands, stability balls, and your own body weight; this class can be adapted to all strength and fitness levels.

Tabata: This is a high intensity class format that will challenge anybody and give a great workout! Alternating short intervals of high energy exercise and rest will keep your body guessing, and help your metabolism kick into high gear.

Tai Chi: Sifu Robert Roy has years of training in Tai Chi. Tai Chi improves overall fitness, coordination, balance, and agility. People who practice Tai Chi on a regular basis tend to have good posture, flexibility, and range of motion. They are more mentally alert, and sleep more soundly at night.

TRX: TRX suspension training uses your own body weight and gravity to build power, strength, balance, coordination, flexibility, core and joint stability, all while preventing injuries and working at the intensity level you choose.. TRX is the perfect workout for all fitness levels. It allows everyone from beginners to elite athletes to work every muscle group in a single workout, while creating long, lean muscles in the process.

Yoga: Derived from Hatha Yoga, this physical practice creates a balance flow of asanas (postures) to increase strength, flexibility and balance in a group exercise setting. While focusing on breathing and mindful movements, participants of all levels will build endurance for the mind, body and spirit.

Zumba®: Fitness in disguise for everybody and every body! This Latin and World rhythm based dance fitness class uses both low and high intensity interval style training to get the calories burning on the dance floor! *Led by licensed Zumba® instructors whose technique and level of intensity are just as individually unique as the class itself.

Aqua Fitness

Deep Water: Gives the benefits of weights, Aerobics and stretching in a nonimpact workout that focuses on burning calories and improving all aspects of physical fitness.

Shallow Water: A low impact class that's great for all ages and designed to promote joint flexibility, range of motion, and agility while building cardiovascular fitness and muscle strength.

US Masters Swimming: This instructor lead lap swim workout will begin in October and is great for anyone training for a triathlon or who just wants to improve endurance, technique, or speed in a group setting.

With just a touch of a button you can choose from hundreds of fun and exciting exercise videos! Ask staff members about Fitness on Demand!

SWIM LESSON SCHOLARSHIP PROGRAM

SWIM LESSONS SAVE LIVES

The Lake Jackson Parks & Recreation Department offers "Swim Lesson Scholarships" for youth 17 years and under who cannot afford the cost of swim lessons.

Who qualifies for a scholarship?

Scholarships are only available for families that meet at least one of the following:

- Participate in the Free and Reduced Lunch program
- Receive subsidized housing (HUD)
- Receive Social Security benefits
- Youth applicant participates in the Head Start program
- Qualify for government-subsidized child daycare
- Currently receive Medicare or Medicaid assistance for the youth applicant
- Currently receive food stamps for the family

What can the scholarship be used for?

Scholarships are for public swim lessons only; private swim lessons or other aquatic programs do not qualify.

How to apply for a scholarship?

- Applications are available for download on our website at lakejackson-tx.gov/parks or may be picked up from the Lake Jackson Rec Center and will be accepted throughout the year.
- Completed applications and proof of the qualifying income-assistance service received should be submitted to the Lake Jackson Recreation Center.
- Applications will be reviewed, and notifications will be provided within 10 business days of receipt.

Donate to the Scholarship Fund

The scholarship program is made possible through donations from businesses and individuals. The number of scholarships and the maximum award amounts are based on the success of fundraising efforts.

How do I make a donation?

Donations are made at the Lake Jackson Recreation Center and can be made with cash, check, or credit card.

How much do I give?

While no donation is too small or too big a \$40 donation will fund a two-week session of swim lessons for one child.

Visit our website www.lakejackson-tx.gov/parks or contact Emerson Yellen at (979) 297-4533 or eyellen@lakejacksontx.gov, for more information about aquatics programs or upcoming classes.

Following Park Rules Will Ensure Everyone Has a Safe and Fun Time While at Our Parks

PARK Rules

Remember to follow the rules when you visit Lake Jackson's City Parks. The City sets rules for a purpose: to protect users and to protect property. Here are some commonly used rules that have been set by the City to protect you:

- DO NOT use glass products in or near City Parks.
- DO NOT allow pets to be off-leash in or near City Parks.
- DO NOT use motorized vehicles in or near City Parks.
- Take time to pay attention to and follow the City's park signage and heed warnings.

HOURS: Skate Park Hours are the same as The Recreation Center Pool hours, pending weather conditions. If The Recreation Center faculty deems conditions to be unsafe, the gates will be locked.
